To Whom It May Concern:

It is my pleasure to provide this letter of recommendation for Kemal, who worked as a cashier and barista at The Daily Bagel. As Kemal's direct manager who worked closely with him throughout his time here, I was impressed with his work ethic, attention to detail, and eagerness to learn. I'm confident that he has the skills to do well as an manager in any industry.

As a cashier at The Daily Bagel, Kemal demonstrated excellent customer service and professionalism at all times. During his time with the café, Kemal was involved in a school project that allowed him to create marketing materials for the café. This included redesigning our website and creating menu brochures that were both eye-catching and economical to print. In addition, Kemal took the initiative of creating posters for the café and suggested several workflow enhancing improvements that are still used in our processes today. Kemal is creative, professional, and helpful, making him well-suited for leadership positions in any organization.

Please feel free to contact me for any further information. Thank you.
